Get ready to help guide the future of Maricopa!

Do you have aspirations of what Maricopa could be, or what opportunities you'd like to see in our City for yourself and other generations? The City of Maricopa will be rolling out the first draft of the future General Plan this January!

What is a General Plan you ask? – A General Plan is the City's guide to achieve YOUR vision for future jobs, recreation, transit options, power and water service, sustainability, schools, and the City's image. The State of Arizona requires that every City, Town, and County in the State adopt a General Plan that is specific to the goals and aspirations of its citizens, and Maricopa's could be on the ballot for your vote in the November 2016 election.

The City will be holding Open Houses and a number of public events this January and February to explain the Plan and to hear your thoughts and comments on the first draft. All residents, business owners, and stakeholders should participate in the General Plan to help shape the City's future.

The General Plan will include future goals for various topics of interest including land use, transportation, environmental planning, water resources, housing, recreation and open space, safety, and much, much more.

Please visit the General Plan Website at www.maricopa-az.gov/web/general-plan or contact Dana Burkhardt at dana.burkhardt@maricopa-az.gov or 520-316-6886.
